

Key Features of the Child Savings Plan

The Financial Services Authority is the independent financial services regulator. It requires us, Healthy Investment, to give you this important information to help you to decide whether our with profits Child Savings Plan is right for you. You should read this document, the Terms and Conditions and 'A guide to how we manage our with profits business' carefully so that you understand what you are buying, and then keep them safe for future reference.

Its Aims

- To build up a cash sum for the child at the end of the term of the plan
- To provide a cash sum if the child should die before the end of the term of the plan
- Tax rules could change
- If you stop paying the child may not get back as much as you have paid in

Your Commitment

- You must pay a fixed monthly or annual premium for the full term of the plan
- You should consider the plan as a medium to long term investment

Risks

- What the child gets back will depend on how well our investments do, see sections 8 and 10 of the Terms and Conditions
- Our charges may increase

Questions and Answers

Who should consider this plan?

- You might consider this plan if you already have savings in a bank or building society and you are now looking to put some money into an alternative investment for the child, which includes life cover, and has a little more risk, particularly in the early years
- You should see this as a medium to long term investment
- If you have any doubt whether the plan is right for you contact your financial adviser

What is a child savings plan?

- It is an investment policy which pays out a lump sum to the

child at the end of an agreed term

- As long as you pay all of the premiums, there is a guaranteed minimum amount payable at the end of the term, this is the sum assured shown on your personal illustration
- There is also a guaranteed minimum amount payable if the child dies during the term
- Each year and at the end of the term, bonuses may be added to the guaranteed minimum amount
- The amount of bonuses added each year depends on investment performance, expenses and other factors
- If you need any further information on this, please contact us

How much can I invest?

- The minimum you can invest is £5.00 per month or £60.00 per year

How long can I invest for?

- You can take out a plan for a minimum of 10 years up to a maximum of 25 years, subject to the child's age when you take out the plan
- We explain this further in section 3 of the Terms and Conditions

What might the child get back?

- The payment at the end of the term is made up of the guaranteed minimum amount

plus any annual or final bonuses that have been added

- Your personal illustration gives you an example of what might be payable

What are our charges?

- Our charges cover the cost of administration, investment management and commission. If you have arranged this plan through a financial adviser they may have received commission from us
- Our additional costs are deducted from the overall fund and are taken into account when we calculate the level of bonus we are able to pay
- The actual amount of charges made vary depending on the term of the plan and the premium, see section 11 of the Terms and Conditions

What about tax?

- If you pay all of the premiums, there is no tax on the payment to the child
- The fund in which premiums are invested is subject to tax, see section 12 of the Terms and Conditions
- You cannot claim back any of the tax on the fund, even if you are a non-taxpayer
- This may change if there is a change to UK tax law

Is life assurance cover included?

- If the child dies during the term of the plan, then the guaranteed

amount plus any bonuses that have been added will be paid

- No other payments would be made at the end of the term if this happens
- Part of the premium pays for the life cover

What happens if I stop paying or cash in early?

- If you stop before you have made 1 years' payments, then the plan stops and it has no value
- If you have made more than 1 years' payments, then it may have a cash value but this is likely to be less than you have paid in
- Please see your personal illustration for more information on this

Can I change my mind?

- Once we have accepted your application, you'll receive a notice telling you about your cancellation rights. You will then have thirty days in which you can change your mind. If you decide to cancel we'll give you your money back
- To cancel you should complete the notice and send it to our address shown at the end of this document
- If you don't cancel within thirty days your right to cancel ends and your policy continues
