

These are the actual maturity values of a Healthy Investment Tax Exempt Savings Plan.

These maturity values are based on policies maturing on the 31st March 2023 for a male aged 30 next birthday when the plan was taken out and having contributed £25 per month.

Term	Maturity value
10 years	£3,183.72
15 years	£6,010.62
20 years	£10,641.42
25 years	£18,734.93

Past performance is not a guide to future performance.

These past performance figures were caused by higher levels of investment returns that applied in the past. If investment returns are lower in the future, as they are expected to be, then it is unlikely that Healthy Investment would be able to repeat these levels of payouts in the future.

These figures are based on a closed table, a new table is now being offered.
